PIECE OF AMARANTH

INCI: *Gomphrena Globosa flower*

PIECE OF NATURE RANGE

The Piece of Nature range offers a selection of natural decorative particles—petals, leaves, and flowers—sourced from trusted growers worldwide. Harvested with precision and hand-sorted for quality, these particles maintain their vibrant colours and purity. Produced under strict quality controls in line with ISO 2859-1 standards, the range is 100% natural and COSMOS compliant. Ideal for enhancing high-end cosmetic formulations, these particles add a visually striking, eco-friendly touch to your products.

PROPERTIES

Piece of Nature – Amaranth showcases the striking light red flowers of *Gomphrena globosa*. Known for their vibrant colour and long-lasting beauty, these amaranth flowers add a unique decorative element to cosmetic formulations. The flowers are meticulously selected and preserved to maintain their vivid colour and integrity, making them perfect for enhancing the visual appeal of oils, gels, and creams. Amaranth is especially suited for oil-based formulations, where it remains suspended beautifully, providing a natural, eye-catching accent that elevates the overall aesthetic of your products.

PIECE OF CALENDULA

INCI: *Calendula Officinalis flower*

PIECE OF NATURE RANGE

The Piece of Nature range offers a selection of natural decorative particles—petals, leaves, and flowers—sourced from trusted growers worldwide. Harvested with precision and hand-sorted for quality, these particles maintain their vibrant colours and purity. Produced under strict quality controls in line with ISO 2859-1 standards, the range is 100% natural and COSMOS compliant. Ideal for enhancing high-end cosmetic formulations, these particles add a visually striking, eco-friendly touch to your products.

PROPERTIES

Piece of Nature – Calendula showcases the bright orange petals of the Calendula officinalis flower, also known as pot marigold. Native to Europe and widely cultivated in Mediterranean regions, Calendula has been revered for its medicinal properties since ancient times. These vibrant petals are carefully dried and preserved to maintain their rich colour and soothing virtues. Ideal for incorporating into both water-based and anhydrous formulations, Calendula petals enhance the visual appeal and therapeutic properties of skincare and body care products. Their natural healing properties make them particularly suitable for products designed to soothe and repair the skin.

PIECE OF CORNFLOWER

INCI: *Centaurea Cyanus flower*

PIECE OF NATURE RANGE

The Piece of Nature range offers a selection of natural decorative particles—petals, leaves, and flowers—sourced from trusted growers worldwide. Harvested with precision and hand-sorted for quality, these particles maintain their vibrant colours and purity. Produced under strict quality controls in line with ISO 2859-1 standards, the range is 100% natural and COSMOS compliant. Ideal for enhancing high-end cosmetic formulations, these particles add a visually striking, eco-friendly touch to your products.

PROPERTIES

Piece of Nature – Cornflower features the striking blue and yellow petals of the *Centaurea cyanus* flower, originally from the Middle East. Known for their vibrant colour and delicate appearance, Cornflower petals are prized not only for their visual impact but also for their skin-soothing properties. Traditionally recognized in folk medicine for treating the eyes, Cornflower has gained popularity in recent years for its ability to soothe, regenerate, and refresh the skin, as well as brighten the complexion. These petals are perfect for adding a unique, natural accent to your cosmetic formulations, providing both aesthetic appeal and skin benefits.
