EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Inspired by the age-old traditions of hammams, our Argan Exfoliant is a cherished beauty secret from the Orient, designed to leave skin soft, supple, and revitalized. It deeply cleanses, removing impurities and dead skin cells for a refreshed, glowing complexion.
