

CHERRY EXFOLIATOR

INCI: *Prunus Cerasus shell powder*

EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Cherry Exfoliator is a natural exfoliant derived from upcycled cherry kernel shells.

It is 100% upcycled: cherries are harvested and pitted for jam production, and the kernels are then crushed to extract starch for cherry oil. The remaining kernel shells is grinded into fine particles. These particles are then carefully sieved to produce exfoliants. This process ensures that every part of the cherry is utilized, minimizing waste.

GENTLE EXFOLIANTS
WITH A WIDE VARIETY OF COLOURS AND TEXTURES

APPLICATIONS

Not stable in aqueous forms.
Should be used in anhydrous forms only.
Easy to maintain in suspension.
