PROPERTIES

Guérande Salt Exfoliator is a natural exfoliant derived from the renowned Guérande salt.

For over 2,000 years, Guérande salt has been traditionally harvested by hand in the salt marshes of Guérande, located in the Loire-Atlantique region. This area is celebrated for its unique natural landscape and exceptional cultural heritage.

Rich in minerals, Guérande salt is an ideal ingredient for creating exfoliating treatments, offering both effective exfoliation and skin nourishment.
