

PEARL EXFOLIATOR

INCI: *Conchiolin powder*

EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Pearl Exfoliator is crafted from cultured pearls. Composed primarily of calcium carbonate in a crystalline form, pearls are highly valued for their beauty and rarity, often symbolizing something rare, fine, and precious.

Recognized as one of the rarest and most valuable beauty treasures, pearl powder has been cherished by Asian women for centuries.

This luxurious ingredient is rich in minerals, trace elements, and amino acids, renowned for its soothing and revitalizing properties. It enhances skin radiance, detoxifies, and helps diminish the appearance of age spots.
