

POMEGRANATE EXFOLIATOR

INCI: *Punica Granatum* seed powder

EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Pomegranate Exfoliator is a natural exfoliant made from pomegranate seeds, offering gentle yet effective exfoliation that stimulates cell renewal and combats ageing signs, leaving skin refreshed and radiant.

Pomegranate seeds are well adapted for scrubbing. They contain an oil rich in strong anti-oxidant polyphenols and bioflavonoids which fight against free radicals and prevent the skin ageing process. Pomegranate seed oil exhibits a rich fatty acid which gives its anti-inflammatory and moisturizing properties.
