

RICE EXFOLIATOR

INCI: *Oryza Sativa powder*

EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Rice Exfoliator is made from *Oryza sativa* rice grains, offering a gentle touch that enhances skin texture and hydration.

Rice comes in various colours, such as white, brown, black, purple, and red, with different varieties like the sticky japonica and non-sticky indica. Rice has been a staple in Asian skincare traditions for centuries, used to cleanse and purify the skin.

The finely milled rice powder exfoliates without causing irritation, making it ideal for sensitive skin. Additionally, the moisturizing and emollient qualities of rice leave the skin feeling soft and silky smooth.
