

STRAWBERRY EXFOLIATOR

INCI: *Fragaria Vesca seed*

EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

PROPERTIES

Strawberry Exfoliator is a natural exfoliant derived from seed, which oil is celebrated for its well-ageing benefits, rich in antioxidants, tocopherol, and essential fatty acids like linoleic and oleic acids. With its nearly spherical shape, this exfoliant is particularly suited for mature, dry, and damaged skin.

Fragaria vesca, commonly known as wild or woodland strawberry, is a perennial plant from the rose family that thrives across the Northern Hemisphere. The plant produces edible fruits and spreads primarily through runners, with viable seeds that can establish new populations.
