

# SUGAR CANE EXFOLIATOR

INCI: *Saccharum Officinarum* (Sugar Cane) extract

## EXFOLIATORS RANGE

The Exfoliator range from Lessonia offers a vast selection of natural exfoliants, meticulously crafted from plant-based and mineral sources such as shells, fruits, seeds, herbs, spices, and loofah. These exfoliants provide various colours, textures, and degrees of abrasiveness, making them adaptable to different skincare products and applications. Whether for gentle facial scrubs or more robust body exfoliations, these ingredients enhance the natural appeal of formulations by improving skin texture, promoting radiance, and supporting cell renewal.

## PROPERTIES

Sugar Cane Exfoliant is 100% certified organic by Ecocert Greenlife according to the COSMOS standard.

Sugar grains are essential for exfoliating treatments like scrubs. Their round, spherical shape not only enhances the visual texture of scrub bases but also provides optimal exfoliation for body care products.

We've chosen a medium-white/ivory cane sugar from Brazil, known for its precise granulometry, achieved through the sugar crystallization process.
